To whom it may concern:

I'm writing to acknowledge the exceptional work and support the University of Colorado Denver media team receives from Paula and Bob at Digiclips. The UC Denver team manages media for two campuses and the University of Colorado Hospital and on any given day we support local and national reporters complete their stories. Paula helps us stay on top of the news coverage by capturing the number of times a story or interview runs and then supplying a clip of that story. In most cases, we receive the digiclips within hours of the request.

Digiclips is our eyes and ears when we don't get a chance to see the day's news. They are true media partners as we work to provide leadership with an accurate reflection of the expertise we share publicly.

Sincerely,

Jacque Montgomery
